LIFE DIMENSIONS

LEARNING STYLE

Accommodator

As an Accommodator, I prefer to learn through hands-on experiences and that helps me learn better.

STRENGTH #1

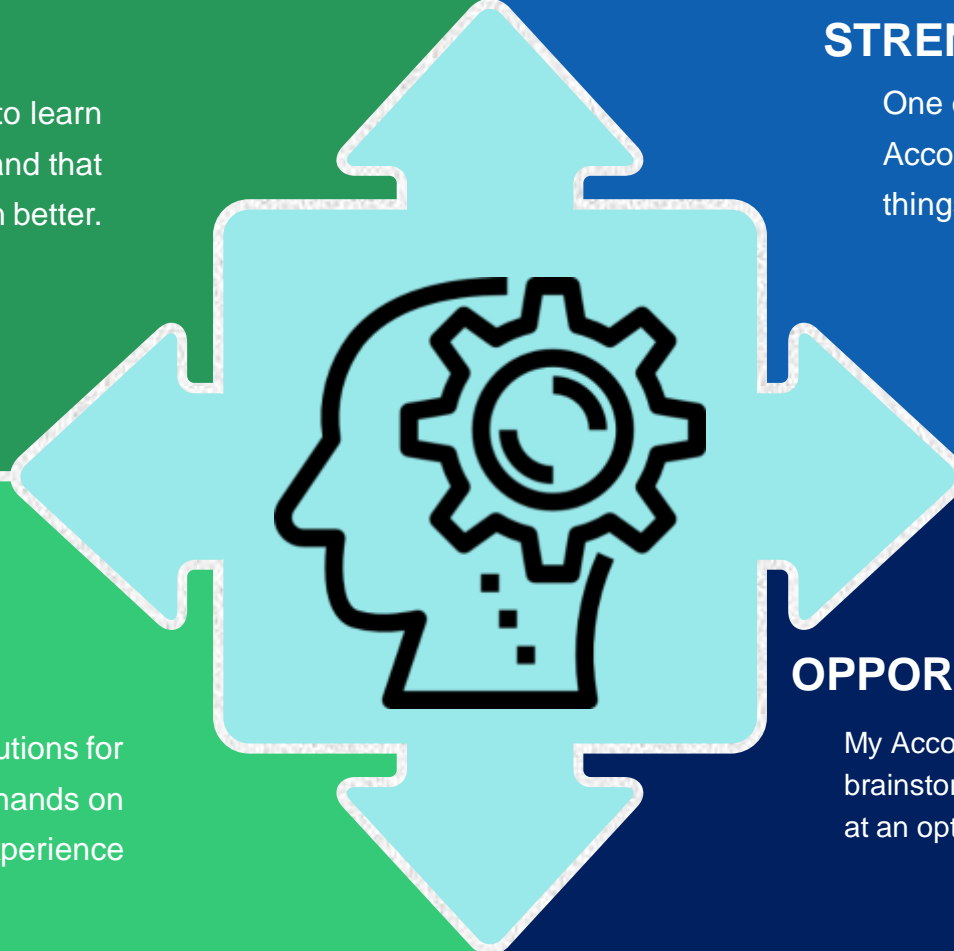

One of my strengths as an Accommodator is to quickly be able to get things done.

STRENGTH #2

Able to arrive at unique solutions for problems because of my hands on experience

OPPORTUNITY

My Accommodator learning style helps me to brainstorm various ideas for problems and arrive at an optimal solution and getting them done.

My buddy with opposite learning style is Aman(Assimilator). we often have opposite views every time we plan/brainstorm for an feature we are working on.
