LEARNING STYLE

ASSIMILATOR

Best at understanding a wide range of information and putting it into concise, logical form
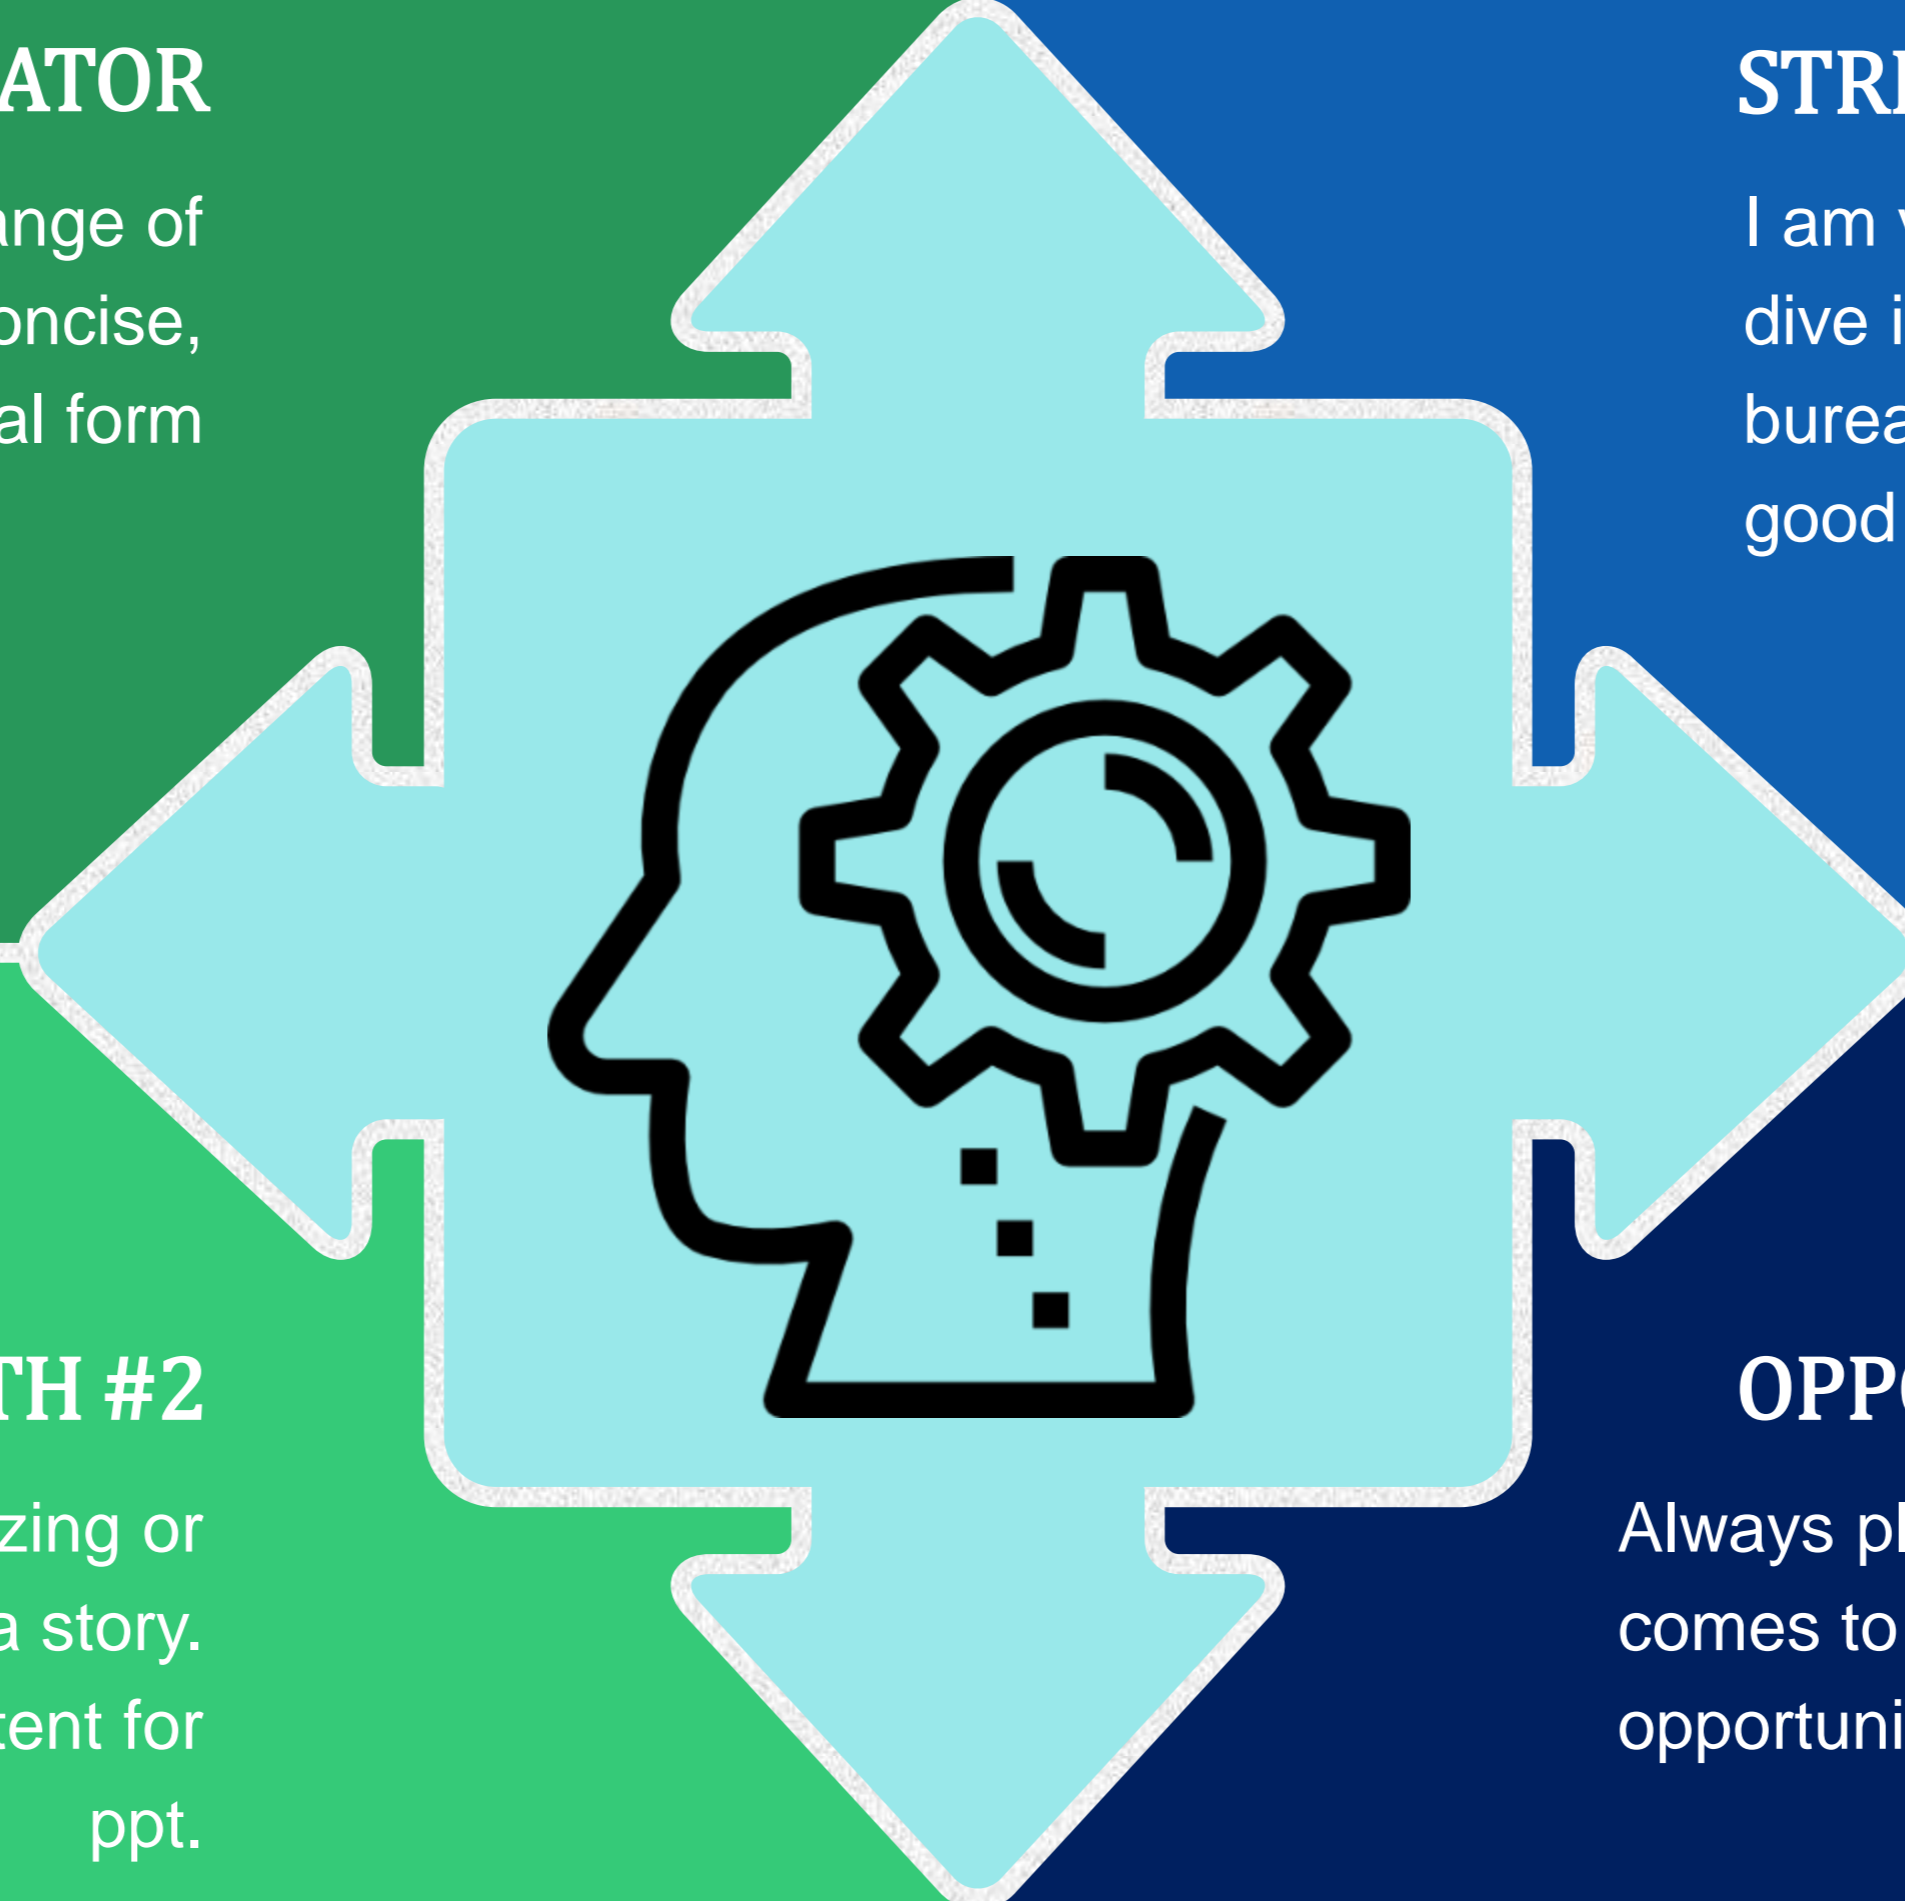

STRENGTH #1

I am very numerical driven, like to dive into numbers and data. Statistic bureau and annual reports are my good friends.

STRENGTH #2

Analytical and logical in analyzing or connecting the numbers into a story. Organizing information or content for ppt.

OPPORTUNITY

Always plan theoretically but fail when it comes to practical execution. That is opportunity I need to work on.

My buddy with opposite learning style is William (Divergent)
